## Program Overview

1. **The first tier is select brand and generic drugs that will be available to you for \$10 or less for the scheduled quantity and dose at retail pharmacies.**
2. **The second tier is select brand and generic drugs that will be available to you for \$20 or less for the scheduled quantity and dose at retail pharmacies.**
3. **The third tier is select brand and generic drugs that will be available to you for \$40 or less for the scheduled quantity and dose at retail pharmacies.**
4. **The fourth tier is non-select brand and generic drugs that HealthWINS Rx has negotiated a special discount price for you.**

To get the most out of this program you should ask your doctor to prescribe a drug within the first three tiers if possible. Often times drugs within the same therapeutic class can be prescribed in place of an expensive brand name drug. Of course, if you choose the higher price brand name drug we have negotiated a substantial discount for you.

Please review this entire book. Read the “frequently asked questions” section for information about this plan. Feel free to contact our customer service center if you have additional questions.

Our prompt customer service help desk is available toll free from Monday through Friday- 8 a.m. to 8 p.m. (Eastern Standard Time)

## Frequently Asked Questions

**This formulary has four tiers:**

**Where can I use the HealthWins Rx card?**

The HealthWins Rx card is accepted at participating pharmacies throughout the United States. The network includes pharmacy chains such as CVS, Rite Aid, Medicine Shoppe, Walgreens, Wal-Mart, and more, as well as thousands of independent pharmacies throughout the country. Pharmacy location information can be obtained by contacting customer service. If a neighborhood pharmacy is not already participating in our network, please have them call us. We will send them information about how they can participate in the network so that you can take advantage of the savings as soon as possible.

**What if my pharmacy doesn't recognize the card?**

Pharmacies may not be familiar with every prescription program in which they participate. If the pharmacist does not recognize your HealthWINS Rx card, or if you encounter a problem at the

pharmacy, DO NOT leave without having the pharmacy call the toll-free number printed on the ID card.

**What is my average discount on Non-Preferred Drugs?**

Members are currently receiving an average discount of 16%-20% on brand name drugs. There is no guaranteed percentage savings on every prescription purchase. The price paid depends upon the pharmacy and the type and quantity of drug purchased. Pharmacies, just like other retail stores, compete against each other and may have special prices on some products. *THE MEMBER ALWAYS RECEIVES THE LOWER OF THE HEALTHWINS RX CONTRACT PRICE OR THE PHARMACY'S DAILY PRICE.*

**What is a generic drug?**

Generic drugs are quality medications approved by the Food and Drug Administration, which contain

the same active ingredients as their brand drug equivalent. Your special plan pricing will almost always contain lower pricing on generic drugs.

**How can I keep my prescription drug costs down?**

The use of generic prescription drugs, whenever available, is most cost-effective. Discuss your prescription options with your doctor. Ask whether an alternative, less expensive option would work for your condition.

**How will I know if there's a generic equivalent available?**

Simply ask your local pharmacist about generic equivalents for your prescription. In addition, ask your doctor to prescribe generics whenever possible and appropriate. (Your enrollment packet will include helpful materials you can share with your doctor.)

**What is the difference between brand name and generic drugs?**

The brand name is the trade name under which the product is advertised and sold, and is protected by patents so that it can only be produced by one manufacturer for a pre-determined number of years. Once a patent expires, other companies may manufacture a generic equivalent, providing they follow stringent FDA regulations for safety. Generic drugs are drugs for which the patent has expired, allowing other manufacturers to produce and distribute the product under a generic name. Generics are essentially a chemical copy of their brand-name equivalents. The color or shape may be different, but the active ingredients must be the same for both. The preferred drug list contains only FDA-approved generic medications.

**What is a preferred drug list?**

A preferred drug list is a list of recommended

prescription medications that is created, reviewed and continually updated by a team of physicians and pharmacists. The preferred drug list contains a wide range of generic and brand name preferred products that have been approved by the Food and Drug Administration (FDA). Your doctor can use this list to select medications for your health care needs, while helping you maximize your prescription drug benefit. A medication becomes a preferred drug based first on safety and efficacy, then on cost-effectiveness.

**What is the difference between a preferred brand name drug vs. a non-preferred brand name drug?**

A preferred brand name drug is a medication that has been reviewed and approved by a group of physicians and pharmacists, and has been selected for preferred status based on its proven clinical and cost effectiveness.

A non-preferred brand name drug is a medication that has been reviewed by the same team of physicians and pharmacists who determined that an alternative drug that is clinically equivalent and most cost effective is available. These designations may change as new clinical information becomes available.

**What drugs are considered preferred (formulary) on Discount Plans?**

The HealthWINS Rx Product Guide contains certain brand drugs for which the member's price is the scheduled amount listed. Drugs that are chemically or therapeutically similar to drugs listed on the Product Guide are not discounted. Prices are subject to change due to manufacturer price changes to pharmacies. On these drugs, the participant enjoys two distinct discounts; one through the HealthWINS Rx pharmacy network and the second through the manufacturer.

## Mail Order Pharmacy

Sign up & order new prescriptions...

### Step 1

Let your physician know that your HealthWins Rx Card allows you to use the Bioscrip Pharmacy Services, Inc.

### Step 2

Ask your physician for:

- A prescription for a sufficient supply to be filled at your local pharmacy.
- A *second prescription* for the maximum allowable days supply for your Medications, *plus refills*, to be filled by Bioscrip Pharmacy Services, Inc.

### Step 3

Complete the Confidential Patient Profile and mail this information to Bioscrip Pharmacy Services, Inc. (*If you don't have a prescription you can still complete the form and send in the Patient Profile.*)

### **TO EXPEDITE YOUR ORDER PLEASE USE YOUR CREDIT CARD!**

You will receive your medication within two weeks via US Mail Service or UPS. **FREE** shipping on orders of 80 or more days supply! Emergency orders may be sent overnight for an additional fee.

### **SAVINGS**

Enjoy savings through Bioscrip Pharmacy Services, Inc. on prescriptions of 80 days supply or more.

### **CONVENIENCE**

Have your prescriptions delivered directly to your home.

### **EDUCATION & SAFETY**

Bioscrip Pharmacy Services, Inc. provides a patient information leaflet with every prescription to insure the patient understands what they need to know to effectively and safely take their medication.

### **COST SAVINGS**

Unless you or your physician has specified otherwise, your prescription will be filled with a generic equivalent when available and permissible. This will also help cut down on your cost.

**All questions regarding HealthWins Rx Mail Order should be directed to Bioscrip Pharmacy Services, Inc:**

#### **MAIL**

**New prescription(s) may be called or faxed in by your physician.**

**Bioscrip Pharmacy Services, Inc.  
2787 Charter Street  
Columbus, OH 43228**

**Customer Service 1-800-677-4323.**

***The call center is open 24 hours 7 days a week***

## Program Information

### **Preferred Drug List Updates**

For the most up-to-date information about the Preferred Drug List, please see the information on our website. This Preferred Drug List includes most, but not all, therapeutic classes of prescription drugs and is subject to change at any time upon review. Our Preferred Drug List is reviewed each month. Physicians and Pharmacists are encouraged to review the Preferred Drug List and utilize it when prescribing for our members. This is extremely important since a member's prescription benefit is based on medication being prescribed from the Preferred Drug List. The Preferred Drug List is not intended to interfere with independent medical judgment that is based upon the patient-physician relationship. The final choice of specific drug selection for an individual patient rests solely with the prescriber.

### **Development of the preferred drug list**

The multitude of drugs available in the consumer market makes it mandatory that plans introduce a sound program of drug usage. This tool is developed to ensure members receive the best care and protection possible in a cost-effective manner. Such a program should involve the thorough evaluation, selection, and use of medicinal agents.

### **Therapeutic Interchange (TI) policy**

The use of therapeutic interchange programs as part of a comprehensive approach to quality, cost-effective patient care is recommended. Therapeutic interchange is the practice of replacing, with the prescribing physician's approval, a prescription drug originally prescribed for a patient with a prescription drug that is its therapeutic equivalent. Two or more drugs are considered therapeutically equivalent if they can be expected to produce identical levels of clinical effectiveness and sound medical outcomes in patients. Therapeutic interchange involves the collaboration of pharmacist and prescribers in reviewing available drug products with equivalent therapeutic effects in order to provide patients with the safest, most rational, and most cost-effective drug therapy.

### **Generic Drug Policy**

It is our policy to utilize high quality generic medications when available. A generic drug is identical or bioequivalent, to a brand name drug in dosage form, safety, strength, route of administration, quality, performance characteristics, and intended use. Although generic drugs are chemically identical to their branded counterparts, they are typically sold at substantial discounts for the brand name price. It is our policy to encourage pharmacies to utilize the same generic product that was distributed by the same company that was dispensed on the original prescription on all subsequent refills for the drug product

## Program Information *(continued)*

selection. We do not recommend that generic substituting be exercised with multisource products that cannot be considered therapeutically equivalent to others in the same category. It is also recommended that generic substitution not be undertaken for any unrated products that might be considered narrow therapeutic index (NTI) drugs or which are known not to be bioequivalent. Finally, it is important to note that state laws and regulations govern the practice of generic substituting for certain drug products. Requests for exception to the generic policy must clearly document specific reasons for medical necessity and appropriateness. Medications that have generic equivalents available are covered at a generic reimbursement level and should be prescribed and dispensed in generic form. Maximum Allowable Cost (MAC) limits have been established for specific dosage forms of these drugs. The MAC list sets a ceiling price for the reimbursement of certain multisource prescription drugs. This price will typically cover the acquisition of most generic but not branded versions of the same drug. The products selected for inclusion on the MAC list are commonly prescribed and dispensed and have gone through FDA's review and approval process.

### **EXCLUSIONS AND LIMITATIONS**

Any medication or drug that has not been approved by the FDA to be both effective for use in the United States will not be covered. This includes both FDA approved and non-approved medications that are in experimental or investigational trials to determine new indications, new routes or administration, or new dosage forms. The HealthWins Rx Prescription Drug Card Is Not Insurance. It is a discount prescription card provided by HealthWins, Inc. Medications may change tiers at any time without notice to the member. Providers are subject to change without notice. HealthWins Rx is not the provider of services under this program. HealthWins Rx solely arranges for access to discounts from independent third-party service providers and does not warrant or guarantee the suitability and/or quality of any service provided. This program is not available to residents of KS, MS or OR. A member's participation in this program is governed by the terms of the Membership Agreement provided upon enrollment. Formulary is subject to change without notice.

### **PHARMACY NETWORK**

The HealthWins Rx card is accepted at over 53,000 participating pharmacies throughout the United States. The network includes pharmacy chains, such as CVS, Rite Aid, Medicine Shoppe, Walgreens, Wal-Mart, and more, as well as thousands of independent pharmacies throughout the country.

## Membership Agreement HealthWINS Rx

The following terms and conditions of this Membership Agreement (the "Agreement") govern the HealthWINS RX discount and services program (the "Program") provided to members of the program ("Members") by HealthWINS Rx. All members receiving this Program should read the terms of this Agreement carefully and communicate any questions that may arise to a HealthWINS representative at the number shown on the Membership Card. By accepting enrollment in PROGRAM, you are agreeing to the terms of this Agreement.

### Description of PROGRAM features:

Each Program member ("Member") will be entitled to receive discounts on specified services, ("Services") as set forth in the Membership Kit when a participating provider is used ("Provider"). Other terms and conditions regarding Services for discounts, and the discounted fees for the Services included, are listed in this membership kit and are subject to change, modification, or substitution by HealthWINS at any time without notice to the Member. In order to receive Services at the discounted rate, a Member must present his/her Program Membership Card to the Provider before Services is rendered. Members must pay the Provider directly at the time of service unless otherwise agreed upon between Provider and Member. This is not insurance.

If a member wishes to confirm whether a Program discount is available for particular Service or wishes to confirm the current fee for a particular Service, he/she should telephone a HealthWINS Rx representative.

### Membership Term:

Once the Program Membership Fee, if applicable is paid, a Member shall be entitled to all Services at the time of enrollment, commencing on the day of HealthWINS' receipt of the enrollment.

### Automatic Renewal of Membership Term:

At the conclusion of the Membership Term, membership in the Program will be renewed automatically unless the Member notifies HealthWINS Rx, either by telephoning a Program representative or by providing written notification to HealthWINS Rx prior to the new Membership Term that he/she wishes to cancel his/her membership in the Program.

In addition to providing notification to HealthWINS Rx in order to terminate his/her membership, the Member also must return his/her Membership Card to HealthWINS Rx prior to the new Membership Term. If the Member either fails to notify HealthWINS Rx of his/her election not to continue the membership or fails to return the Membership Card under the terms herein prescribed, membership in the Program will be renewed automatically and the Membership Fee for an additional term will be charged directly against the Member's credit card or by debit to the Member's checking account, as applicable. Should a Member have any questions concerning the Program, or the continuation or cancellation of membership, he/she should telephone a Program representative.

### Cancellation and Refund Option:

If, for any reason, a Member is not satisfied with the Program and wishes to terminate his/her membership, the member may cancel the membership by notifying HealthWINS Rx in writing or by telephoning a Program representative and by immediately returning his/her Membership Card to HealthWINS Rx. Membership in the Program shall terminate on the last date of the Membership Term for which the member has paid. Any enrollment fees collected at the time of enrollment are not refundable. Any cancellation of membership in the Program will not affect any benefits or discounts received by canceling Member before the effective date of the cancellation. Early termination fee of \$15.00 will be charged if service is discontinued before the end of the billing month.

## Membership Agreement HealthWINS Rx (continued)

### Membership Payment/Billing:

Unless payment is made by check (other than a direct debit) payment of the initial Membership Fee and any renewal Membership Fee is made automatically by a direct charge against the Member's credit card or by a direct debit to the Member's checking account (depending on the payment option authorized by the Member) for the full amount of the Program for the Membership Term. Members who chose to pay Membership Fees by a direct debit to the Member's checking account may not receive notice from HealthWINS Rx of a Membership fee due; rather the Member will be notified of the billing in his/her credit card or checking account statement. Each Member hereby authorizes HealthWINS Rx to bill and receive payment for the Program Membership Fee as explained in this Agreement. HealthWINS Rx reserves the right to increase the Membership Fee for a future Membership Term, in which case the Member will be notified and the increased Membership Fee will be effective upon renewal of the Program Membership.

**Member Representations and Acknowledgements:** In return for the discounts and services available under the Program, the member makes the following representations and acknowledgements:

- (a) Member has read this Agreement carefully, understands the Program and understands the various billing methods for payment of the Membership Fee.*
- (b) Member may cancel his/her Program membership at any time before the conclusion of the Membership term and will not be billed further.*
- (c) Membership in the Program and services thereunder are not assignable without the express written consent of the HealthWINS Rx. Member agrees that he/she will use his/her Program membership only for his/her personal benefit or for the benefits of his/her Household Members. "Household Members" are all individuals living with you or family members not living with you that are financially dependent upon you. A Member's violation of this paragraph will result in immediate termination of the Program Membership.*
- (d) Member acknowledges that HealthWINS Rx does not bear any responsibility for the payment of (or contribution to) any use or sales tax which may be imposed by any state or federal taxing authority on the Services provided under the Program. Payment of such taxes, to the extent imposed shall remain the sole responsibility of the member or the direct Provider of the Service, as applicable.*
- (e) Member understands that Member is responsible for paying providers and/or vendors for Services rendered at the time of service unless otherwise agreed upon by Member, Provider or vendors.*
- (f) Member understands and agrees that the Program is not insurance and it may not reduce deductibles, co-payments or other out of pocket expenses for services that are covered by insurance.*

Disclaimer of Warranties. HealthWINS Rx is not a merchant, manufacturer, or a direct Provider of the Services available to members. **ACCORDINGLY, HEALTHWINS RX DOES NOT GIVE ANY WARRANTY, EXPRESS, MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, PRODUCTIVENESS, OR ANY OTHER MATTER FOR ANY SERVICES OR MERCHANDISE PURCHASED OR RECEIVED BY A MEMBER FROM A PROVIDER OR VENDOR THROUGH HIS/HER MEMBERSHIP IN THE**

## Membership Agreement HealthWINS Rx (continued)

**HEALTHWINS RX PROGRAM. MEMBER ACKNOWLEDGES THAT HE/SHE IS NOT RELYING ON HEALTHWINS RX'S SKILL OR JUDGEMENT IN SELECTING A PROVIDER OR VENDOR FOR THE SERVICES AVAILABLE TO MEMBERS.** In the event any product or Service purchased or received by a Member is canceled, modified, defective, or otherwise unsatisfactory to the Member, the Member will look solely to the Provider, Seller, Merchant, or Manufacturer of the product of Service for any repair, exchange, refund, or satisfaction of claim. It is further understood that all Services requested are subject to the availability of such Services and any information provided to the Member is subject to change without the notice.

**General Release:** Each member, for himself/herself, and on behalf of any Household member who uses the Services under the Program membership ("Membership Beneficiary"), hereby forever releases, acquits and discharges HealthWINS Rx and its employees, agents and affiliates and discharges HealthWINS Rx and its employees, agents and affiliate from any and all liabilities, claims, demands, actions, and causes of action that such Member, Member Beneficiary or Member's legal representative(s) may have by reason of monetary damage or personal injury sustained as a result of or during the cause of the use of any and all Services under the Program. The sole recourse available to a Member, Member's Beneficiary or Member's legal representative(s) against HealthWINS Rx shall be cancellation of the Program membership.

### Notices:

Any and all notices, consents, approvals, requests and other written communications given or required under the terms of this Agreement shall be deemed to have been duly given and served when sent by first class mail, postage prepaid and addressed to the member at the address shown on the Membership Card.

### Entire Agreement:

This Agreement sets forth the entire agreement and understanding of the parties with regard to membership in the Program. No representation, inducements, promises, agreements, or otherwise, shall be of any force or effect. The validity or unenforceability of any term of this Agreement shall in no way affect the validity of enforceability of any other terms or provisions of this Agreement.

### Binding Effect:

This Agreement shall be binding upon and inure to the benefit of the parties as well as their respective successors and permitted assigns.

### Governing Law; Dispute Resolution:

This Agreement shall be governed and construed in accordance with the laws of the State of New Jersey regardless of any application of principles regarding conflicts of laws.

**ALL DISPUTES ARISING OUT OF OR RELATED TO MEMBERSHIP IN HEALTHWINS RX OR THIS AGREEMENT SHALL BE RESOLVED BY BINDING ARBITRATION CONDUCTED UNDER THE COMMERCIAL ARBITRATION RULES OF THE AMERICAN ARBITRATION ASSOCIATION.**

**A. Heading;** The heading or captions provided throughout this Agreement are for reference purposes only and shall in no way affect the meaning or interpretation of this Agreement.

**B. Amendment:** This Agreement may be amended only in writing executed by both parties.

**C. Waiver of Breach:** Waiver of breach for any provision of this Agreement shall not be deemed a waiver of any other breach of the same or different provision.
