

2009 National Preferred Prescription Drug List

This is a partial listing of our formulary. For a complete listing of the formulary, both alphabetically and by drug category, please log on to www.idealscripts.com or call us toll free at 1.800.717.6614.

INTRODUCTION

This condensed Preferred Drug List is a listing of approved medications that is designed to serve as a reference guide to assist in the selection of cost-effective drug products. This guide lists the most commonly prescribed drugs in the IDEALSCRIPTS HT Preferred Drug List. It is not intended to be an all-inclusive list and is subject to change. Please share this reference with your doctor and use generic drugs whenever appropriate.

Review your plan documents to determine specific coverage and copays. This list does not guarantee coverage of medications listed in the pocket Preferred Drug List. If a listed medication is not part of the selected plan's covered services, the medication will be excluded.

Please contact IDEALSCRIPTS Customer Services if you require help in determining if your prescription is on the Preferred Drug List. Thank you in advance for your cooperation.
